Panama City, FL 32417

Subject: Poly-Triplex Liner System

Dear Mr. Rosasco:

This letter is in reference to your request to have the Poly-Triplex Liner System considered for use in the maintenance of roads by SCDOT.

A member of our Road Design Department and myself have reviewed your submittal package and determined that SCDOT has used products similar to yours on maintenance projects and would not consider it a "new" product. Therefore I am approving use of the Poly-Triplex Liner System for use on SCDOT maintenance projects.

Thank you for submitting your product. If you have any questions, please contact Mr. Kenny Eargle of this office by calling (803) 737-1290 or you may reach him by e-mail at Earglekb@scdot.org.

Sincerely,

H. G. Shumpert, PE
State Maintenance Engineer
