Subject: Evaluation of POLY-TRIPLEX LINER SYSTEMS

NPEC NO: 1023-X-03-04

Dear Mr. Rosasco:

The New Product Evaluation Committee (NPEC) reviewed the subject product at their meeting on December 16, 2003.

This product is a cured in-place pipe liner for culverts, manholes, pump stations etc.

The New Product Evaluation Committee approved your product as a specialty item.

Your product may be used when required under the special provisions of a contract.

Please contact Jadhav Patil at 317-610-7251 x 258 (e-mail: jpatil@indot.state.in.us) if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Miller".
